

1ST YEAR ORIENTATION & PROGRAMME INDUCTION

Orientation and programme Induction is a compulsory element of admission to your course. There is no flexibility to the orientation and induction dates as the timeframe for completing the learning outcomes of each module is carefully scheduled. Not only will you be meeting with programme management, the lecturing team and new students like yourself, you will also be learning about how the modules are assessed and what is expected of you.

Below you will find important information which will include the dates of your Orientation including the timeline of events for that day as well as the dates for your programme induction.

Please ensure you check back regularly as these are subject to change.
